

Cell Groups at Penshurst Anglican Church

Our church calls itself a 'cell church', built upon the Biblical idea that the primary way that God's people can truly live out the Gospel is through small, intentional communities (called 'cells'). It is here where Jesus is given a far more intimate opportunity to do His work of transformation.

Pray for

Scripture exists in over 2500 of the 6860 languages used on Earth.

About 4.7 billion people have a Bible available in their first language, a further 542 million people have at least the New Testament (but not all of the Old Testament).

Work has begun for many of the people groups who still do not have God’s Word in their language and further work is still needed in many of the languages that already have some Scripture. Of the remaining languages with no known Scripture or a translation program in progress, current estimates suggest around 340 million people speaking 2078 languages may have a need for Bible translation to begin.

Wycliffe, a global alliance of organizations with staff from more than 50 nations, is one of the key international organizations involved with Scripture translation into languages where it has not previously been available. Since Wycliffe’s beginnings in 1942, Wycliffe personnel have been involved in the translation of 745 complete New Testaments and 27 complete Bibles, potentially impacting around 114 million people speaking 704 languages.

In 1999, when Wycliffe and partners adopted Vision 2025, we reported our involvement in almost 1100 of the 1500 translation programs known to be in progress.
