

Cell Groups at Penshurst Anglican Church

Our church calls itself a 'cell church', built upon the Biblical idea that the primary way that God's people can truly live out the Gospel is through small, intentional communities (called 'cells'). It is here where Jesus is given a far more intimate opportunity to do His work of transformation.

Pray for Kian Holik at UTS

Dear friends in Jesus,

We thank you for your partnership in prayer and financial support for our ministry in UTS city campus amongst international students. Above all, we thank God who gives us opportunities to reach out to multi-nationals studying on our shore. Below are the updates of what have been going on in the last month.

Praise God, before spring semester started, we were given a space in front of Haymarket library to promote Credo and to invite students to study the Bible together. Praise God for a space generously given by university! Praise God for wonderful gospel we can share especially to new students. Praise God Credo can have a space on campus to be having our public talks. Praise God for the first simple English public talk this semester, for about 40+ people who came, heard the Bible read, explained and joined welcome dinner. The series of the first four weeks of this semester is 'Walking with Your God' from the book of James.

Please pray as we begin this semester:

- For six small groups Bible studies in Japanese, Indonesian, Mandarin and simple English to be starting in week 2 next week. This semester we'll be using the book entitled 'God's Big Picture' as our guide.
- Please pray for a PhD and academic internationals group on Thursdays that many postgraduate internationals will be able to read the gospel of Mark and understand Jesus as the Son of God.
- Please pray for us as we are promoting one-to-one reading the gospel of Mark under a theme of 'Reading the stories of Jesus with a friend' - please pray for non-Christians international students involved in this program.

Kian, Liza, Josiah and Joel Holik, at the University of Technology Sydney (UTS) with AFES and Credo .
